The 4th International Conference on
SOFT COMPUTING and DATA MINING
22nd - 23rd January 2020, Melaka, Malaysia

UTHM. FSKTM
Universiti Tun Hussein Onn Malaysia

SCDM-2020
SOFT COMPUTING FOR DATA SCIENCE

Organized by: SMC Soft Computing and Data Mining Centre
Published by: Springer
Indexed by: Scopus THOMSON REUTERS dblp computer science bibliography

Special Session 9 (SS9):

Intelligent Tools, Environments, and algorithms for Distributed Computing

Important Dates:
Manuscript submission: **May 31, 2019**
Notification of acceptance/revisions/rejection: **August 15, 2019**

Synposis

Intelligent approaches to:

. **Evolutionary Computing, Swarm intelligence, Meta-heuristics, Fuzzy Logic and Neural Networks and applications related to High Performance Computing, Distributed Computing, Cloud Computing, Grid Computing, and Internet of Things, Fog Computing, Scheduling, Parallel Algorithm.**

. **Intelligent Tools and Environments for Parallel/Distributed Computing**

. **Ubiquitous Computing and Human Computer Intractions**

Paper Submission and Publication:

Authors are encouraged to submit unpublished papers for this session through electronically via the **https://easychair.org/conferences/?conf=scdm2020**. Select the **Nature Inspired Computing for Engineering Optimization** as session type during submission. All the research papers to be presented in this track will be published in the proceeding of AISC series of Springer**.** Further information regarding the paper submission can be obtained from the conference website

http://scdm.uthm.edu.my/scdm2020/

Special Session Chairs:

Shamsollah Ghanbari *Islamic Azad University, Ashtian Branch, Iran* **myrshg@gmail.com**
Mohamed Othman *Universiti Putra Malaysia (UPM), Malaysia* **mothman@upm.edu.my**
